Dear Mr. Broadbent:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for Anheuser-Busch, Inc. (Facility Number A0606) and is submitting the permit to EPA for review.

The purpose of the minor revision is to permit three emergency standby engines.

All changes are clearly shown in strikeout/underline format.

The District will issue the permit after the EPA 45-day review period is over and after addressing any EPA comments.

Copies of the proposed Major Facility Review Permit and the permit evaluation are enclosed for your information. If you have any questions on this matter, please call **Steve Hill, Air Quality Engineering Manager, at (415) 749-4673.**

Very truly yours,

Ellen Garvey
Executive Officer/
Air Pollution Control Officer
